DETAILED ACTION

Claim Objections Withdrawn

The objection to claims 6 and 9, outlined in the previous Office Action, has been overcome by applicant's amendment. The amendment corrects the claim text as appropriate.

The objection to claims 15, 16 and 18, as dependent from a rejected base claim but otherwise allowable, is withdrawn. The rejection is now moot, vide infra.

102 Rejections Withdrawn

The rejection of claims 11 and 12 under 35 USC 102 (b), outlined in the previous Office Action, has been overcome by applicant's amendment. The amendment cancels the claims.

Allowable Subject Matter

Claims 1-10, 15, 16 and 18 are allowed. The following is an examiner's statement of reasons for allowance:

The closest prior art remains the set of prior art references of record used in the 102(b) rejections of both Office Actions. Applicant has either narrowed (principally in that difluorophosgene cannot be present except in a mixture with oxalyl fluoride), or canceled claims, such that the instant claim set no longer reads on the cited art.

Art Unit: 1621

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
